ABOUT TRAINING AND PLACEMENT CELL

The Training and Placement office of the institute is well equipped with excellent infra-structure to enable smooth functioning of the training and placement processes. The auditorium is used by the cell for seminars, interactive sessions and short term workshops. The well furnished conference hall is used to conduct pre placement and placement talks and interviews. The office is equipped with computer and internet facility. Different brochures, informative leaflets regarding placement and training and circulars are being displayed regularly for the benefit of our students on Placement notice board.
